# IT and Cybersecurity

## *Cloud Systems Administrator*

PCO 466 A+ Certified PC Technician

PCA 619 Networking and Data Communications

PCA 620 Network+ Technician Certification

PCA 800 CompTIA Cloud+ Certification Training

## *Cybersecurity Administrator*

PCO 466 A+ Certified PC Technician

PCA 619 Networking and Data Communications

PCA 620 Network+ Technician Certification

PCA 594 Introduction to Information Security (Security+)

Many CompTIA® certifications expire three years from the date earned and must be renewed before that expiration. One way to renew a lower-level CompTIA® certification is by earning a qualifying higher-level CompTIA® certification. When you pass the exam of a valid CompTIA® certification within the three-year renewal cycle, CompTIA® will automatically renew your lower-level certification.

Visit: [How To Renew Your Certification | CompTIA® IT Certifications](#)

*Not all organizations will accept CEUs without prior approval. Check with the approving agency to ensure the CEU for your course is eligible.*

For more information, call 443.840.2222 or visit [ccbcmd.edu/ceuguide](http://ccbcmd.edu/ceuguide).

## Trades

### *Electrician*

VOA 763 National Electric Code Update  
Required course to maintain credential.

### *Visible Emissions Evaluator*

ENV 370 Visible Emissions Field Test  
Required course to maintain credential.

*Not all organizations will accept CEUs without prior approval. Check with the approving agency to ensure the CEU for your course is eligible.*

For more information, call 443.840.2222 or visit [ccbcmnd.edu/ceuguide](http://ccbcmnd.edu/ceuguide).

# Transportation, Distribution and Logistics

## *Commercial Drone Operator*

VOA 103 Drone Pilot Training for the Remote Pilot

License required to operate a Drone commercially and must be renewed every 24 months by taking the recurrent knowledge test.

## *Logistics Technician*

MSSC® requires that full Certified Logistics Technician (CLT)® Certifications be subject to recertification every five years.

The recertification process is point-based. Continuing education in a field related to logistics qualifies for recertification points. Individuals must accumulate at least 100 recertification points over the five years since certification to qualify for recertification.

Visit: **Recertification – MSSC ([msscusa.org](http://msscusa.org))**

*Not all organizations will accept CEUs without prior approval. Check with the approving agency to ensure the CEU for your course is eligible.*

For more information, call **443.840.2222** or visit **[ccbcm.edu/ceuguide](http://ccbcm.edu/ceuguide)**.
